Notes to Editors

HR Trustees is a member of the Xafinity group and was founded more than a decade ago, to provide professional, independent trusteeship services to pension schemes in difficulty. We are the acknowledged UK leader in Statutory Independent Trusteeship – providing the expert remedial services to pension schemes under insolvency or wind-up conditions, when the burdens of trusteeship are at their highest.

The HR Trustees team has helped more than 500 pension schemes transition through crisis, to achieve the best results for their beneficiaries. Our team blends legal, financial, administration and pensions consulting skills in a package specifically designed to manage risks and critical relationships in a high-pressure trustee environment.

HR Trustees is uniquely able to help boards of trustees to address and resolve problems before issues of regulatory compliance and statutory duty arise. Our experience helps our co-trustees to avoid the pitfalls and maximise their effectiveness, long term.

HR Trustees works extensively with third-parties across the UK pensions industry, but will not accept any assignment or appointment that might conflict with its membership of the Xafinity group.

The group provides consulting, software, training and business process outsourcing services that enable public and private sector organisations to deliver employee benefits more efficiently.
