Overview

Xafinity Skillbase would like to share with you our concept of “Creating the Future ... Learning from the Past”. This event gives you the opportunity to see us in action and to participate in some of the exciting principles that we use when delivering our motivational programmes.

We will show you how we help link the leaders from the past to your present and future organisational issues and challenges. For this particular event we have chosen Churchill and the venue is the Cabinet War Rooms, however, we will discuss other great leaders and the very locations where they worked including Horatio Nelson and Emily Pankhurst.

Who should attend

Talent Directors/Managers, HR Managers, Learning and Development Managers, Training Managers and advisors and those managers who can make decisions over the kind of training that Xafinity Skillbase provides in terms of innovation, content, style and delivery.
